

DETER A

GENERAL DESCRIPTION

Liquid foaming detergent for the prewash of car bodies, trucks, tarpaulins, with alkaline pH.

FEATURES

It has a high penetrating, emollient, degreasing and emulsifying power. It is used both in the appropriate nebulizer. Excellent for smog and soil removal. Its peculiarity is to keep the dirt in suspension and if dry on the paint you don't need to spray the product again to get a clean surface. Non-contact cleaner.

Contains non-ionic and anionic surfactants 90% biodegradable <15%, organic sequestering agents <10%, sodium hydroxide <8%. Compliant with EEC regulation 608/04.

DETER A produces an abundant foam. Do not use on motor vehicles.

DOSAGE AND WARNINGS

Nebulizers: 0.5% summer- 1% to 3% winter with water. Do not use the product on paints already dulled over time and on aluminum and its alloys. During the summer cool the dark colored paints with water. For professional use only. Warnings:
